What You Did Correctly

- ✓ Report title added
- ✓ Title merged across columns
- ✓ Header row bolded
- ✓ Borders applied to the table
- ✓ Salary formatted as currency
- ✓ Data entered correctly
- ✓ Professional table structure created
- ✓ Department column centered

=====

1. Center the Report Title

Your title looks slightly left-positioned.

- Select the merged title cell.
- Click **Center Align**.

2. Increase Title Row Height

- Right-click Row 1 → Resize Row.
- Set to **35 or 40**.

3. Make Title More Visible

- Font Size: **16**
- Bold
- White text on dark gray background (optional)

4. Freeze 2 Rows

Since you added a title row:

View → Freeze → 2 rows

This keeps:

- Row 1 = Report Title
- Row 2 = Header

always visible.
