

A	B	C
Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

Day 1 – Part 2 (Formatting & Professional Look)

Task 1: Make Headers Bold

Select

- Click A1
- Hold mouse and drag to C1

Selected range:

| Name | City | Sales |

Click

B (Bold) on the toolbar.

Result:

Name | City | Sales

A	B	C
Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

=====

Task 2: Add Background Color

A	B	C
Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

Keep A1:C1 selected.

Click:

 Fill Color (paint bucket)

Choose:

- Light Blue
- or
- Light Gray

Result:

Name	City	Sales
------	------	-------

Header Color Applied

This is common in
MIS report

=====

Task 3: Center Headers

Keep A1:C1 selected.

Click:

Horizontal Align

Choose:

Center

Result:

Name City Sales

Center Aligned

A	B	C	
Name	City	Sales	
Ravi	Chennai	15000	
Kumar	Coimbatore	22000	
Priya	Madurai	18000	
Arun	Trichy	25000	
Meena	Salem	12000	

=====

Task 4: Add Borders

Select:

A1:C6

Click:

☐ Borders Icon

Choose:

All Borders

Now the table will have visible lines.

A	B	C
Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

=====

Task 5: Auto Fit Columns

Currently columns may be narrow.

For Column A

Move mouse between:

A and B

When cursor becomes:

↔

Double-click.

Repeat for:

- B and C
- C and D

Columns will resize automatically.

—

Before resize

A	B	C
Name	City	Sales
Ravi	Chennai	150
Kumar	Coimbatore	220
Priya	Madurai	180
Arun	Trichy	250
Meena	Salem	120

—

After resize

A	B	C
Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

=====

Task 6: Rename Sheet

Bottom tab:

Sheet1

Rename to:

Sales Report

Before rename

Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

After rename in botton

With:

- ✓ Bold Header
- ✓ Header Color
- ✓ Borders
- ✓ Centered Header
- ✓ Proper Column Width

=====

Mini Quiz

After formatting, answer:

1. What is the difference between **Bold** and **Fill Color**?

Bold means to change the text letters into bold, and fill colour means full selected column change into selected colour

2. Why do we use **Borders**?

Borders are used to border table to show case the table looking good

3. What happens when you Auto Fit a column?

When we auto fit a column all rows and column table will be fit and look good

4. What is the name of your worksheet now?

Sales Report

=====

🎉 Very good. You understood the concepts.

Quiz Review

1. Difference between Bold and Fill Color

✅ Correct

Better wording:

- **Bold** → Makes text thicker and more visible.
 - **Fill Color** → Changes the background color of selected cells.
-

2. Why do we use Borders?

✅ Correct

Professional answer:

- Borders help separate data clearly.
 - Makes reports easier to read.
 - Gives a professional MIS report appearance.
-

3. What happens when you Auto Fit a column?

⚠️ Partially correct.

Correct answer:

- Auto Fit adjusts the **column width automatically** based on the longest text/value in that column.
- It does **not** change all rows and columns.

Example:

Name	City
------	------

Ravi Chennai

Kumar Coimbatore

Column B becomes wider automatically because "Coimbatore" is longer.

4. Worksheet Name

 Correct

Worksheet Name:

Sales Report

=====

Day 1 Final Task

Create 2 more worksheets.

Worksheet 1

Already created:

Sales Report

Worksheet 2

Create new sheet.

Rename:

Lead Report

Paste:

Lead ID	Customer Name	City	Status
L001	Ravi	Chennai	New
L002	Kumar	Coimbatore	Interested
L003	Priya	Madurai	Follow Up
L004	Arun	Trichy	Converted
L005	Meena	Salem	New

Worksheet 3

Create another sheet.

Rename:

Revenue Report

Paste:

Month	Revenue
-------	---------

January	50000
---------	-------

February	65000
----------	-------

March	72000
-------	-------

April	80000
-------	-------

May

90000

Lead Report

[illegible]

=====

Revenue Report

[illegible]

=====

Bonus Task (Day 1)

Format it like a professional MIS report:

- ✓ Bold header
- ✓ Header background color
- ✓ Center align header

✓ Add all borders

✓ Auto-fit columns

After that, your workbook will contain:

1. **Sales Report**
2. **Lead Report**
3. **Revenue Report**

which is exactly how many MIS workbooks are organized.

What You Learned Today

An MIS Executive spends a lot of time:

- Creating sheets
- Organizing data
- Formatting reports
- Maintaining workbooks with multiple worksheets

Today you learned the exact foundation required before formulas, Pivot Tables, and XLOOKUP.

After creating **Lead Report** and **Revenue Report**, Day 1 is officially complete.

=====

Tomorrow (Day 2) we'll learn:

- Alignment
- Row Height
- Column Width
- Freeze Row
- Text Wrapping
- Professional Report Layout

These are daily skills used in MIS jobs. 🚀
