

Day 1 is not about formulas. It is about understanding the Excel/Google Sheets environment.

Day 1 Goal

By the end of today, you should be able to answer:

- ✓ What is a Workbook?
 - ✓ What is a Worksheet?
 - ✓ What is a Row?
 - ✓ What is a Column?
 - ✓ What is a Cell?
 - ✓ How to enter data?
 - ✓ How to save a file?
-

Step 1: Open Google Sheets

Open:

Google Sheets

Create a new blank spreadsheet.

Rename it:

MIS_Day1_Practice

Step 2: Understand the Screen

Imagine the sheet:

A B C D

1

2

3

Column

Vertical

A, B, C, D...

These are columns.

Row

Horizontal

1, 2, 3, 4...

These are rows.

Cell

Where row and column meet.

Examples:

Cell	Meaning
A1	Column A + Row 1
B5	Column B + Row 5
C10	Column C + Row 10

Step 3: Create Your First Table

Type this exactly:

Name	City	Sales
Ravi	Chennai	15000
Kumar	Coimbatore	22000
Priya	Madurai	18000
Arun	Trichy	25000
Meena	Salem	12000

Step 4: Learn Workbook vs Worksheet

Workbook

Entire file

Example:

MIS_Day1_Practice.xlsx

This is the workbook.

Worksheet

Individual sheet inside workbook.

Bottom tabs:

- Sales Report
- Lead Report
- Revenue Report

These are worksheets.

Step 5: Create 3 Worksheets

At bottom:

Click **+**

Rename:

Sheet 1

Sales Report

Sheet 2

Lead Report

Sheet 3

Revenue Report

Step 6: Practice Basic Actions

Try:

Insert Row

Right-click row 3

Insert row above

Delete Row

Delete row 3

Insert Column

Insert column B

Undo

Press:

Ctrl + Z

Save

Press:

Ctrl + S

Step 7: Use Your Real Data

Create another sheet:

Travel Marketing MIS

Date	WhatsApp Sent	Replies	Interested
Today	25	0	0

This is your first real MIS report.

Day 1 Homework

Create this complete workbook:

Worksheet 1

Sales Report

Worksheet 2

Lead Report

Worksheet 3

Revenue Report

Worksheet 4

Travel Marketing MIS

Add at least 5 rows of sample data in each sheet.

Success Criteria

If you can do these tonight:

- ✓ Create workbook
- ✓ Create worksheets
- ✓ Enter data
- ✓ Insert row
- ✓ Delete row
- ✓ Save file
- ✓ Create Travel Marketing MIS sheet

then **Day 1 is completed successfully.**

=====

tomorrow (Day 2), we'll make the sheets look professional with:

- Bold headings
- Colors
- Borders
- Alignment
- Column width

- Freeze rows

These are skills used daily by MIS Executives.
